

## **Subject Matter Specialist (Tax)**

No agencies, please.

BTCSoftware is a successful, independent, multi award-winning specialist developer and B2B provider of practice management, tax and accounting compliance software based in Surrey. We are set for significant growth and require a Tax focussed Subject Matter Specialist to join our friendly and passionate team so that we can continue to deliver on our plans.

Are you knowledgeable about all aspects of UK tax, but with specific recent experience in Corporation Tax? This position is perfect for someone who has worked in the tax department of an accountancy practice, who has specialised in Corporate Tax and who may now be looking for a new and exciting change in career path, with an opportunity for flexible working.

### **The Role**

To join our CFO and current Subject Matter Specialist to assist in the design and maintenance of the templates for BTCSoftware's award-winning Corporation Tax solution and to act as a general reference point for Corporation Tax related issues as well as other UK taxes e.g. Income Tax, VAT.

### **Requirements**

- Experience gained in the UK accountancy profession
- A specialism and recent practical experience in Corporation Tax
- Up-to-date knowledge of aspects of other UK taxes
- An understanding of UK GAAP as it interacts with Corporation Tax
- Skilled in sharing knowledge with stakeholders at different levels

### **Package**

- £neg according to experience and contract
- Flexible, part-time hours (typically 2 or 3 days a week)
- 25 days annual holiday – pro-rata
- Pension scheme
- Quarterly bonus based on company performance
- Based in Surrey; however, most work will be undertaken from home
